

Narmi and Silverlake: Maximizing Your Core Capabilities

Unlock your digital investment in the Silverlake core with Narmi's proven, repeatable approach. We directly integrate with the jXchange API to minimize conversion challenges and eliminate integration headaches.

Repeatability Leads to Results

Narmi works with Silverlake Banks to drive deposit growth, back office efficiency, and banking primacy:

Evergreen partnered with Narmi to take its three brands live with a frictionless digital banking experience:

104%

Increase in total enrolled users in the past 15 months

112%

Increase in total deposits in the last year

114%

Increase in ACH transfers in the past 30 days

A \$350M leading community bank went national with Narmi's consumer account opening platform:

72

Days to go-live

263%

Increase in approved applications in the last 10 months

<3 minute

Account opening

Connecting the Core to the Customer

- Step 1:** Narmi integrates with Silverlake via the jXChange API.
- Step 2:** Connect to jXchange via the internet or VPN.
- Step 3:** Follow a multi-phased UAT Testing approach.
- Step 4:** Consistent Implementation support from our CS team.

Optimized Customer Journeys

Narmi's direct integration with Silverlake ensures that you are getting more value out of your core technology to optimize customer journeys.

“

Northeast Bank is proud to partner with Narmi to offer our customers a truly exceptional digital account opening experience.

Robert T. Banaski
SVP, Director of Community Banking | Northeast Bank
